PURPOSE MEETS PASSION

During my travels, I have met other female travellers who have become great friends for life. I realized that there are so many women out there who are seeking to meet other female travellers. Some feeling less experienced and keen to start traveling and get out of their comfort zone.

I am simply a travel lover with a passion to network with females who share the same interests. Whether you are travelling solo or with friends, I have started these trips to provide you with a perfect opportunity to travel and be empowered, outside of your daily routine

1. Do you love new experiences?
2. Do you love seeing new places and cultures?
3. Do you love adventure and the spontaneity it brings?
4. Do you enjoy pushing yourself out of your comfort zone?

If so, Tin Trips is for you!
A tribe and movement aiming to empower black queens to see the world and broaden your horizon.

I look forward to this adventure with you!
